Penny Tralau CR, CMP, WLS,

Penny Tralau has a background of 9 years in Restoration and Remediation Services. In the beginning, the work was primarily water loss but very quickly became interested in and specialised in Mould. Penny has a unique approach to mould, providing unbiased assessments to homeowners, builders and insurance companies.

Penny's passion is in education, providing specialised information packages, group training and one-on-one training for consumers as well as the industry.

Penny is also an advocate for the Restoration Industry, having been a member of the Specialised Cleaning Industry Association for seven years as well as a board member and State President for three years. Penny is also a founding member of the Indoor Air Quality Association of Australia and a Council member of the Restoration Industry Association. Penny is regularly invited to speak on behalf of the industry by the Master Builders Association of NSW.

Penny is currently one of four of the most qualified restoration contractors in Australia having recently achieved the highest Designation of Certified Restorer and Certified Mould Professional with the Restoration Industry Association.
